142 Product Index

*Welcome to MENU and to
a selection of cases that
reimagine modernism and
explore its warmest, most
human dimensions.*

Preface

DIFFERENT AS THEY MIGHT BE IN STYLE AND FUNCTION, THESE CASES SHOWCASE THE VERSATILITY OF MODERN DESIGN THAT MAKES SPACES PERSONAL AND BRINGS US TOGETHER. BECAUSE AT THE END OF THE DAY, WE ARE NOT HERE TO CREATE MODERN PRODUCTS – BUT TO CONTRIBUTE SOMETHING MEANINGFUL TO PEOPLE’S EVERYDAY EXPERIENCES.

If there’s one thing I learned growing up in a design family, it’s that our spaces serve us best when they tell our stories and facilitate our interaction. At MENU, we navigate form, function and materials to make products that simplify and beautify everyday life – and help people express what matters to them. To create design that combines aesthetics and function in meaningful ways, we believe it’s essential to engage diverse, talented creatives like Norm Architects, Tim Rundle, Danielle Siggerud, Nick Ross and Afteroom, who bring their individual experiences and visions to our products. Working within MENU’s parameters of minimalism and simplicity, they create new concepts that make spaces better for life, work, travel, leisure, and everything in between.

Of course, to evolve and meet ever-changing demands, design needs to exist in real-world settings. At MENU, these journeys begin at The Audo – our new showroom in Nordhavn, that unites co-working and event facilities, a café, restaurant, retail area, and an exclusive hotel residence. A space where people can use MENU designs under real-life conditions. The next step is the one we are thrilled to share with you in this book: collaborations with leading interior designers and architects who transform diverse spaces using our products. You’ll find living, working, and dining environments that add an essential real-life dimension to the MENU universe. These spaces are varied and international. They are carefully curated – yet warm and approachable. They range from the ultra-modern to classic and at times even traditional. There are public destinations like restaurants and hotels, modern workplaces, and intimate, private nooks where friends and families can connect and make memories.

TR Bulb Pendant, by Tim Rundle

AT MENU, WE BELIEVE IN CONNECTED SPACES: SPACES THAT UNITE OUR WORLD THROUGH DESIGN AND MAKE OUR TRANSITIONS FROM ONE PLACE TO ANOTHER SEAMLESS, INTERESTING AND ENJOYABLE.

In our rapidly changing landscape, the distinctions between home and work have become blurred. The concept of *Connected Spaces* reflects this exciting shift, highlighting the opportunity to create human-centric, multi-functional environments that serve our needs: workplaces that make us feel at home; homes with all the comfort and refinement of boutique hotels; cafés, shops, restaurants and hotels that feel curated to our desires and aspirations.

Connected Spaces is a testimony to the future of design. Since 1978, we have harnessed the skills of top designers and craftspeople around the world to create furniture, lighting and accessories that are clean, clever and natural, infusing a sense of calm through high-quality materials in minimalist silhouettes.

By connecting the dots between home, work and hospitality, we can redefine how we use space and, ultimately, how we connect to one another. Designing ideal spaces is a journey. There is no roadmap.

Today, MENU’s designs can be found across the globe. To make sure our product portfolio continues to anticipate people’s needs and offer a breadth of ideas and solutions, we partner with contemporary talents both in our native Scandinavia and around the world.

At the same time, our collection is also growing to include more legacy designers whose work has stood the test of time and serves as a reminder what it means to be a modern classic.

REDEFINING HOW WE USE DESIGN, SPACE AND, ULTIMATELY, HOW WE CONNECT TO ONE ANOTHER, THE CREATIVE DESTINATION IS A HUB FOR POWERFUL IDEAS, BEAUTIFUL DESIGN AND INSPIRATION.

MENU’s new showroom is located at The Audo, a unique concept that masterfully unites co-working and event facilities, a café, restaurant and retail area, as well as an exclusive residence in a single, community-building universe. The Audo features an inspiring mix of original features and thoughtful new accompaniments from an eclectic mix of premium brands—not least MENU’s comprehensive range of furniture, lighting and accessories, which are put to their truest test, together with a curated selection of products from global brands. Abbreviated from the Latin *Ab Uno Disce Omnes*, meaning: From one, learn all, The Audo reflects MENU’s founding philosophy of collaborative spirit.
